Welcome Back - Fall Term!

SCANS is excited to be embarking on another year of diverse and interesting courses for our membership.

We are off to an excellent start - extraordinary Public Presentations in every chapter, a workshop by renowned Mi'kmaw knowledge keeper Stephen Augustine, and 18 courses from diverse subjects with 3 online.

Enjoy your new course and meet new friends.

Sincere gratitude to Anne Chisholm for her work at SCANS as President, Curriculum Committee Coordinator and Venue Coordinator. We wish her continuing recovery and health. And hope to see her back in class.

As with any organization, along with the successes come challenges. We could use your insight and help
